# 1 MISSION & OUTREACH

*Therefore, to achieve these aims and objectives, Anugrah Ministries works within these 3 pillars:*

Sumba Revival Meeting

Beautiful Sunrise in Uetuwu, Morowali - Central Sulawesi

## Mission Home "House Of Love And Grace"

*Uetuwu, (meaning river of life), is a sub-village located three hours from Salubiro Village in North Morowali regency, Central Sulawesi in Indonesia. The Wana's (meaning jungle) ethnic people live in Uetuwu. They are primitive nomads and are listed as one of the indigenous and unreachable tribes in Indonesia. This interior of Sulawesi has no electricity and is mostly still covered by thick jungles. The air is very fresh because there is no pollution. It is a very beautiful place with no paved roads which makes it so hard to reach. From Jakarta, it usu-*

ally takes our team about 35-45 hours to reach Uetuwu by flying, driving, motorbike riding and jungle trekking.

Since a few missionaries have ministered here, the area has undergone a lot of changes and improvements. The establishment of the House of Love and Grace (Pondok Kasih Anugrah) which functions as a mission home and children care home, offers immeasurable positive impact to the Wana Children.

The House of Love and Grace is our 10th Church MakeOver project. It was a collaborative project between Anugrah Ministries and APAC Ministries, Singapore. By the grace of Jesus, this mission home was

opened on the 6th of August 2012 and it is fully managed and operated by Anugrah Ministries.

In January 2015, we started Anugrah Kindergarten and Elementary School, which we built together with Cassey Puppet. For the curriculum, we will be working with our sister school, Raising Star Institute, in Jakarta. This school will be able to serve not only the children who live with us, but also others.

## Church MakeOver (CMO) Program:

*We rehabilitate run-down church buildings belonging to poor congregation. When a church building is properly established, then breakthrough happens. Not only do we bless the pastor, his ministry, and congregation, but also the city and region where they are in.*

*We have been doing this CMO program since 2008. Our mission is to build the house of God almost in ruin.*

*Until the end of 2020, we have reached our 81th project. Support us, so by the end of 2021, we will accomplish our 88th project. Your partnership and support is a blessing for the Body of Christ.*

*Sejak Pandemi, Laptop adalah sebuah alat belajar yang bersifat esensi bagi semua siswa. Namun kondisi ekonomi membuat murid-murid keluarga pra-sejahtera menghadapi tantangan yang sangat berat. Mari kita menjadi alat Tuhan untuk memberikan kesempatan belajar yang lebih baik sehingga anak-anak Indonesia mempunyai kesempatan yang sama untuk meraih cita-cita setinggi angkasa.*
